

Precision forming,
extruding and
cutting tools

LinkTool[™]
GROUP

Design /// Build /// Manage

At the **LinkTool™ Group** we believe that the true customer experience is not just about the high quality products we manufacture, but also about our total solutions approach to tool procurement and management. From design consultation to expedited delivery, inventory management and even tool repair, we're the experts so you don't have to be. So please contact us to assist with any or all of your tooling needs. We look forward to working with you.

Since 1978, we have provided tooling and support for many types of equipment including:

- ▶ Automation
- ▶ Blow Molding
- ▶ Cold Headers
- ▶ CNC
- ▶ Custom Machinery
- ▶ Extruders
- ▶ Hot and Cold Formers
- ▶ Planers
- ▶ Plastic Injection Molding
- ▶ Screw Machines
- ▶ Stamping
- ▶ Test Equipment

Why choose the LinkTool Group?

- ▶ Global service and manufacturing centers
- ▶ High quality manufacturing
- ▶ Longer lasting tools. Minimal downtime
- ▶ Highly modernized production facilities
- ▶ Competitive global pricing
- ▶ Fast quote and production turnarounds
- ▶ Emergency and same day service
- ▶ Specialize in die loading and repair

SUPPORT SERVICES

- ▶ Blanket order programs
- ▶ Design
- ▶ Emergency and same day service
- ▶ Inventory management
- ▶ On-site support
- ▶ Repair

Request a QUOTE:
www.linktoolgroup.com

Our experienced engineering staff will quickly review your needs and provide you with complete documentation and a comprehensive quote package on your tooling or machine part requirements. We can also make recommendations for improvements of your current design at your request.

PROCESS CAPABILITIES

At LinkTool Group we continually invest in advanced manufacturing technologies, giving us the ability to provide you with the most sophisticated, tightly toleranced, highly polished tooling to support your demanding manufacturing requirements. Along with a large staff of highly skilled polished hands and a full inspection lab for test measurement of your tools, the goal at LinkTool Group is to always meet our customer's tolerances and expectations.

- ▶ CNC turning
- ▶ CNC milling (2,3 and 5-axis)
- ▶ Gun drilling
- ▶ Centerless grinding
- ▶ Dedtru grinding (manual and CNC)
- ▶ Rotary Blanchard & surface grinding
- ▶ Honing
- ▶ CNC contour & profile grinding (ID & OD)
- ▶ Quick hole and CNC wire EDM (4-axis)
- ▶ CNC RAM plus orbital EDM with C-axis rotational
- ▶ Hydraulic assembly press
- ▶ Lapping & polishing
- ▶ Laser tool etching
- ▶ Test and measurement

PRODUCTS

- ▶ Assemblies
- ▶ Backing Plates
- ▶ Blades
- ▶ Caps
- ▶ Carbide pins
- ▶ Cutting tools
- ▶ Dies
- ▶ Ejector Pins
- ▶ Fixtures
- ▶ Hammers
- ▶ Machine parts
- ▶ Micro tools
- ▶ Mounting Plates
- ▶ Pierce Punch
- ▶ Punches
- ▶ Quill Cases & Inserts
- ▶ Rails
- ▶ Recess punches
- ▶ Shave Tools
- ▶ Slug Discharge Tubes
- ▶ Spacers
- ▶ Steel Pins
- ▶ Stripper Pins
- ▶ Torx® & Torx Plus® tooling
- ▶ Tubes
- ▶ Wear Parts

INDUSTRIES SERVED

- ▶ Aerospace
- ▶ Ammunition/munition
- ▶ Automotive
- ▶ Assembly
- ▶ Can Manufacturing
- ▶ Computer
- ▶ Construction
- ▶ Electronics
- ▶ Energy
- ▶ Fastener
- ▶ Fittings
- ▶ Food
- ▶ Medical
- ▶ Military
- ▶ Mining
- ▶ Oil & Gas
- ▶ Pharmaceutical
- ▶ Stamping

Experts in can industry tooling

QUALITY

LinkTool Group's quality control standards are a driving force behind all of our manufacturing processes. All of our processes are 100% implemented by ISO Tool Quality System.

A2LA Certification

LinkTool Group is fully supported by a laboratory equipped with sophisticated testing instruments to meet the needs and requirements of world class manufacturers. LinkTool Lab is accredited as an A2LA and Nadcap lab.

Third party report can be requested.

- ▶ Inspection equipment
 - CMM
 - 2.5D optical comparators
 - Profilers
 - Surface finish testers
